

Delivers Osprey Retail POS Inventory System To Topeka Pharmacy

Pharmacists Tom & Morag Miller

To **CRS** Prospective Clients,

Thank you for your good service and experience following our POS purchase. We are very happy with the equipment and the flawless performance of there software. Mike Stahlnut was here whenever we needed him and/or has answered our questions on the phone or e-mail.

The few times we have needed the Help Desk they were polite and quick and did not make us feel dumb. The equipment has weathered several major storms without a blip. The programmers have customized the software to our pharmacy use. We are very happy.

Thanks again. You can have anyone call of visit us to see for themselves.
